

# Elementary Geography

Grades 3-6

Tutor: Rebecca Musser [hansmusser@aol.com](mailto:hansmusser@aol.com) 574-304-0604

**Course Description:** This course will provide an exciting opportunity for students to explore the world through maps, architecture, history and more! This will be a very hands-on class; time will be spent mapping and listening as well as doing experiments and activities. Students will be challenged to identify continents and thirteen specific countries and begin to understand the ideas and features specific to each of those countries. Homework will be limited to semester projects such as building with LEGOs/blocks, painting or drawing, food projects, etc. along with a verbal or written explanation of the project. The goal of this class is to see each student begin to understand and get excited about the world that God has created!

**Materials Needed:** Class booklet with maps will be provided by me. Students will need a pen or pencil, a box of at least 24 colored pencils and a fine-line felt marker (like a Sharpie).

Tuition is \$350. \$175 due at first class, and final \$175 due at beginning of second semester in January. Students who drop the class within the first 3 weeks will be refunded for remaining classes. No refunds will be given after 3 weeks.

**About the Tutor:** I have a Bachelor's degree in Education from Grace College and a Master's from Ball State, and have taught a variety of ages and subjects. I've taught summer theatre camps for four years, as well. My greatest experience has been homeschooling my seven children, five of whom have graduated. I am so excited to share my love of different cultures with students from KAT!
