My Background

I, Melissa, have been a professional photographer since 2007. I specialize in newborn, family and high school senior photography. I also have been photographing weddings my whole career. I have been a mentor to many new photographers and always enjoy teaching others the wonderful world of photography. I am professional trained by some of the nation's best photographers in lighting, posing and editing. I have a photography studio in Kalamazoo, MI and my three employees and I LOVE to serve our community with gorgeous photographs that they will love and cherish for a lifetime!
